Ideally located in the Northwest DFW / Alliance market, our area benefits from outstanding transportation access. Nearby DFW International Airport enables passengers to fly to all major cities in the United States, Canada and Mexico within four hours. The Alliance Global Logistics Hub, featuring Alliance Airport and BNSF Railway's Alliance Intermodal Facility, provides an inland port with global reach - right in our region's backyard.

With Texas' pro-business atmosphere, companies also will find strategic economic advantages, including competitive tax rates, freeport exemptions, foreign-trade zones, enterprise zones and more. These financing structures are designed to lower the cost of business and provide a sturdy foundation for corporations to succeed.

In addition, companies have access to a skilled labor force with over 3 million qualified workers living in the Metroplex. Employees benefit with an abundance of affordable housing, excellence in public education and a cost of living significantly lower than the national average.

COMMUNITY OVERVIEW

Only 16 miles north of Downtown Fort Worth, Haslet's city limits are adjacent to Alliance Airport as well as IH-35W, a high growth area that provides excellent connectivity to the Metroplex as well as the world. Haslet offers a large daytime population and proximity to many regional fast-growing residential developments to support restaurants and retail. With a property tax rate of only 30 cents per $100 and a build-out of only 35% of available sites, Haslet is aggressively pursuing investment partners for corporate, business and retail opportunities.

In addition to being strategically located and near facilities for all types of intermodal transport, Haslet offers many attractive incentives including but not limited to tax abatement, foreign-trade zone, reinvestment zone and Freeport exemption. Amazon operates a 1.1 million square-foot regional Fulfillment Center in Haslet that created 3,500 jobs for the area. 2018 saw the announcement of two new businesses, including Composites One and ATAC, a Textron Company. Alliance Airport is home to corporations such as JCPenney, Grainger Industrial Supply, Bridgestone and BEHR Products. Haslet's industrial complex at Alliance Airport includes companies such as Coca Cola, SC Johnson, SAIA Freight, Kraft, Michaels Stores, Volkswagen and Williamson-Dickie.

Two new subdivisions began home construction in 2018, and three additional subdivisions are planned to begin soon. With almost 1,400 new lots platted, Haslet is on the verge of substantial growth over the next five years. New home prices are expected to exceed $400,000 for all of the approved subdivisions.

Le Tara Village, which is just minutes from Alliance Airport and the Alliance Business Park, is a fast-developing retail area that includes medical and dental offices. DEVELOPMENT HIGHLIGHTS

Justin is facing rapid residential growth which will set the City up for great future retail opportunities. Ample space is still available for residential and commercial development, including properties along the FM 156 and FM 407 corridors. Over 1,800 homes/dwelling units are currently in the planning or platting phases with several subdivisions actively building homes with price points between the mid $200s and upper $400s. Timberbrook, the City's largest planned development, is under construction now with home sites, amenity centers, hike and bike trails, and a dog park coming in soon. A large lot alternative is available in Legacy Ranch subdivision, and a 300-unit multi-family complex, The Villages at Reatta, has also broken ground.

With construction of the improved and expanded FM 156 roadway through the City, we anticipate significant interest in new commercial development and revitalization of existing businesses. This project spans over four miles from SH-114 north to Justin and is anticipated to complete in late 2019. Along with the construction of FM 156, the City will install a new downtown parking area creating over 200 spaces to accommodate businesses in the Old Town district.

COMMUNITY OVERVIEW

Justin is strategically located at the intersection of FM 407 and FM 156, four miles north of SH-114 and just minutes away from the GE Locomotive Plant and Texas Motor Speedway. The BNSF Railroad, which was a key to the early success of the City, still comes through the heart of Justin today.

Justin is a friendly community known for western appeal and small town charm, and is often referred to as the boot capital of the western world. Justin offers a rural landscape, significant park space for residents to enjoy as well as unique shopping and dining experiences.

The growth around IH-35W north has been incredible to say the least, and there is no denying the prosperity headed to Justin! The City's population will more than double in less than 10 years, and we are taking steps now to ensure we don't lose the small town rural charm as Justin grows

Justin is committed to quality development and continues to provide excellent public service to businesses and residents. The City has been working hard to prepare itself for this significant population growth and is currently undertaking many infrastructure improvements throughout the city in order to ensure sustainability citywide. The Justin City Council is committed to promoting a sustainable community through the implementation of forward-thinking policies and programs. Special attention is focused on ensuring that Justin's quality of life is not only enjoyed by today's residents, but guaranteed for future generations to come.

COMMUNITY OVERVIEW

Northlake's wide-open spaces and prime location in the direct path of growth offer abundant opportunities. At the center of a retail trade area with a population projected to grow to more than 60,000 within five years, Northlake benefits from excellent highway access and close proximity to both DFW and Alliance Airports. Northlake is committed to attracting new businesses and quality development through aggressive incentive programs – including the Pioneer Grant Program to attract restaurants and retail businesses, tax abatements and job grants for major employers.

Northlake has become a boomtown due to its prime location, low tax rate, and excellent quality of life, attracting new residents to its wide variety of living environments from luxury apartments to multi-acre ranches and estate homes. In order to keep up with the demand, some of the region's largest master-planned developments are underway (Harvest and Canyon Falls) or planned (Pecan Square and The Ridge at Northlake) in Northlake. These developments will add nearly 10,000 homes to the market over the next decade. Yet approximately 80% of Northlake's ultimate land area remains undeveloped with plans to preserve more than half the land area as open space, 1+ acre lots and multi-acre ranches.

Northlake's vision as outlined in its comprehensive plan is to be a town that honors its rural legacy while attracting a multi-generational, family oriented and highly engaged population through policies that promote responsible growth, self-reliance and a diversified tax base. The Town's leaders continue to build on this vision to create a thriving community with a healthy environment for both residents and commercial enterprises.

DEMOGRAPHICS

- Population: 8,800 / 60,000+ daytime population
- Build-out Population: 12,000 – 13,000
- % Built-out: 80%
- New Home Prices: $425K+ average
- Average Household Income: $75,796

CITY HIGHLIGHTS:

The City of Roanoke continues to be a great place to live, dine, shop and play. We want to be a destination place not only for our citizens, but also for our surrounding residents and visitors alike. We strive to preserve the unique, eclectic, small town charm in the Downtown area using smart, selective growth. We work to maintain the current low tax rate while adding additional amenities throughout the City to benefit residents, businesses and visitors.

DEVELOPMENT HIGHLIGHTS

The City of Roanoke is currently working on a mixed-use project within the Downtown area that will not only provide a residential product currently not available within the City, but will expand on the uniqueness already created. With that project, there will be a 300 plus room Peabody Hotel, convention center, new City Hall, additional retail and upscale office space. This will add to the already thriving shopping, dining and entertainment destination Roanoke has become.

COMMUNITY OVERVIEW

"Roanoke is located in the center of the fastest growing area of the state and is now the central point to the DFW Metroplex, as projected over ten years ago. Year after year, we have experienced prosperity, strong economic growth, a low crime rate, a highly rated school district, and a wide range of affordable housing, while retaining our charming, small town feel, and friendly atmosphere. Roanoke continues to be a great place to live, dine, shop and play, proven by the unprecented, accelerated growth we've experienced in the quality retail, industrial and residential development.

Roanoke has many amenities that were built for our residents but also for our neighboring cities to enjoy. We have a state-of-the-art, 15,000-square-foot Library that is occupied daily with hundreds of residents and guests. Our Recreation Center provides many programs for small children up to our seniors. With our public/private partnership with Hawaiian Falls Waterpark, Roanoke is second to none as a destination. We continue to attract "Unique" restaurants. The City of Roanoke is still one of the lowest combined property tax rates in the state, with more to offer than most small communities in our area.

Economic development is a catalyst for creating jobs, providing necessary amenities, improving quality of life and fueling the economy of surrounding areas. Roanoke's sales tax base outperforms numerous cities in our two-county area. 'A city that works together does great things together.' Roanoke has been the leader of showing great council and staff relations."- Mayor Carl "Scooter" Gierisch, Jr.
